

Hope Schools Issue Call on Assessing

The Hope School Board will discuss property assessments at its meeting at 7:30 next Monday night, Jan. 8, in the superintendent's office, and one of those who got an invitation to be there is The Star's Editor. He will attend.

Presumably an assessment study will be discussed as an alternative of the proposed millage hike from 35 to 40 which was defeated in the annual school election last month. In his letter to the editor Supt. James H. Jones wrote:

"I am enclosing a plan that was submitted by the Real Estate group in December 1958, for you to study."

The realtors' proposal, dated Dec. 2, 1958, and which led to a reappraisal of property which netted the local schools an additional \$16,000 annually on existing millage, said among other things:

"It is our firm belief that if each piece of property, both real and personal, was assessed at 20% of its true market value the schools would not have to ask for millage raises and industry would be more likely to locate in a county where tax rates were better established. We further believe that the citizens of this county would welcome a better method of appraising property than has been or is now being used, and that the fair and reasonable citizen will cooperate in such a program."

After outlining the present haphazard system of making assessments and reviewing them, the real estate men's declaration continued:

"Therefore, to correct the above situation we propose that an experienced, qualified appraiser be employed on an annual basis to personally inspect each and every piece of property in this county and place a true market value on each piece of property. This appraiser would be employed by the taxing units of the county. The cost of each taxing unit would be in proportion to the amount of taxes received."

"That when an appraisal is made a copy of this appraisal in detail be given or sent to the property owner so that any discussion might be made on a sensible basis. An additional copy to go to the tax assessor."

"That this appraiser be a member of the Equalization Board to represent the schools, or be present at Equalization Board sessions."

"That the people are entitled to a fair assessment of their property and that everyone should pay their fair share of the city, county and school ad valorem tax load without any politics being involved to favor one over another."

"Hempstead County is a fine, progressive county that has wonderful possibilities of growing into one of the most prosperous counties in the state . . . but our present assessment program tends to hinder this progress. We must correct and improve this tax program."

The 1958 statement was signed as: "Real Estate Firms of Hempstead County."

The foregoing plan was approved by the Hope School Board Jan. 13, 1959.

Golden Age Club Program Planned

In a meeting at the Youth Center Thursday afternoon, the Golden Age Club reviewed slides taken at their Christmas party, and heard KXAR manager, Haskell Jones give details of a proposed Golden Age Club radio program each week and look part in games and refreshments. The club is putting on a membership drive to try and get every eligible person available to join in the fun.

State Printing Contracts Ruled Void Beause Firm's Owner Is a State Official

LITTLE ROCK (AP) — Pulaski Chancellor Murray O. Reed, in what may be a far-reaching decision, ruled Thursday that Highway Commissioner Harry Parkin's firm cannot do business with the state.

The decision, if upheld by the Arkansas Supreme Court on appeal, would upset a long-standing practice of permitting officials, especially members of boards and commissions, to handle state business as long as they did not deal directly with the agency with which they were connected.

Reed said a constitutional prohibition against officials doing business with the state could not be interpreted in such a manner. He said it applied to commissioners and board members as well as elected officials.

The decision came in a suit filed by Arkansas Printing and Lithographing Co., and one of its subsidiaries. The suit challenged about \$800,000 in printing contracts won by the Parkin Printing Co., in competitive bidding last July.

If upheld the decision could result in wholesale resignations by board and commission members who could be expected to quit their non-paying positions rather than lose large amounts of business for their firms.

Reed voided the 15 contracts awarded to Parkin but did not order them awarded to the plaintiff firms as the suit asked. Secretary of State Nancy Hall, who handles printing contract awards, said she would take no action on re-awarding the contracts until all litigation is complete.

Parkin has been a highway commissioner since 1957. He now serves as chairman of the commission. He would not say what his next move would be.

Reed enjoined Auditor Jimmie Jones and Treasurer L. A. Clayton from paying off the contracts, which were to have taken effect Jan. 1.

Bank Told to Abandon Branch

LITTLE ROCK (AP) — The attorney general's office ruled Thursday that the Monette State Bank will have to abandon its teller window at Caraway when local interests establish a bank there.

The ruling went to State Bank Commissioner Dick Simpson after Simpson asked for an opinion on Act 190 of 1961 which regulates teller windows or branch banks. The ruling said the Act applied to all existing banks and branches.

The proposed Caraway bank charter now is before the Federal Deposit Insurance Corporation for final approval.

Monette and Caraway are in Craighead County.

U. S., Viet Nam Pact Is Announced

By SPENCER DAVIS

WASHINGTON (AP) — The United States and South Viet Nam have announced a broad program aimed at bringing speedy improvement in the living standards of the South Vietnamese people.

The objects of the joint effort, announced Thursday night by the State Department and in Saigon, is to rally popular support for the government of President Ngo Dinh Diem.

A frequently heard claim is that Communist guerrillas operating in the Southeast Asian country owe much of their success to reluctance of the South Vietnamese to fight for a regime they feel has done little for them.

The 11-point program of economic and social measures means a substantial increase in the U.S. economic assistance, although officials here would not disclose how much money is involved. The United States pumped \$136 million in economic aid into South Viet Nam last year.

At the same time, U.S. officials reported no significant improvement in South Viet Nam as a result of the increase in American military assistance announced last month.

These officials said the situation in the sorely beset nation remains serious, with guerrilla forces continuing in the southern delta region, the high plateau area in the north and in the central plains.

U.S. Ambassador Frederick E. Nolting Jr. is due to return today for 10 days of consultation on the situation with Secretary of State Dean Rusk, President Kennedy and Assistant Secretary of State W. Averell Harriman.

The program announced Thursday includes: Training facilities for village officials, expanded rural health programs, expanded primary education, improved vil-

Must Keep Up Fight Against Polio

"Moving forward from the successful fight against polio, the 1962 New March of Dimes will support one of the most potent medical programs ever launched against chronic crippling disease," Mrs. Lura Mae Impson, said today.

Mrs. Impson's statement was made as she accepted appointment to direct the March of Dimes campaign in Hempstead County from Nov. 2 through 31. Mrs. Impson also serves as chairman of the local chapter of the National Foundation. This will be her second year to direct the campaign.

She pointed out that the March of Dimes organization, while continuing its 25 year successful fight against polio, is also attacking crippling birth defects and autism.

"Funds are needed to support research which offers real hope of discovering preventatives and cures for these diseases. This is the program that developed first the Salk vaccine and then the Sabin vaccine — exclusively with March of Dimes funds. And we must continue our program of training vitally needed medical and scientific personnel through National Foundation fellowships and health scholarships."

"Perhaps even more important, we must also have already stricken by these crippling. March of Dimes funds are being used now by many chapters in different parts of the nation to establish or support special treatment centers and evaluation clinics where specialized treatment and diagnosis can be given," Mrs. Impson said. "Chapters with available funds are also authorized to aid victims of all types of birth defects where such help is needed."

Midwest Snow Snarls Traffic, Closes Schools

By THE ASSOCIATED PRESS

Snow, freezing rain and sleet peppered much of the central section of the nation today, slowing or stopping traffic and closing many schools.

North winds carried a cold wave deeper into the northern half of the country, pushing temperatures under the zero mark in many communities.

Freezing rain coated most of lower Michigan. Schools were closed and traffic was brought to a standstill in Lansing, East Lansing and some other cities. Many accidents occurred on outstate freeways and expressways.

A snowstorm swept across Iowa from the northwest. Several schools in the southwestern part of the state canceled classes.

Winds up to 73 m.p.h. blasted across the Texas Panhandle and whipped snow into the Vernon and Chillicothe areas near the Red River. Chillicothe reported 5 inches of snow on the ground.

The near-blizzard conditions reduced visibility to zero at 6 a.m. in Chillicothe, but the storm eased away later. Many trucks pulled off highways, particularly U.S. 287, because the drivers could not see.

The wind blew down some power lines in Amarillo.

Sleet and snow hindered morning rush hour traffic in Kansas City, where the Weather Bureau predicted an accumulation of 10 inches by nightfall.

Snow was scattered along a cold front that extended early in the day from Michigan southwestward to Texas. Freezing rain fell in some areas near the front as it moved eastward.

Strong northerly winds churned up an inch of snow in eastern Nebraska.

Fog cut visibility to an eighth of a mile at Meigs Field on Chicago's lake front, and it was closed to incoming planes.

Icy roads closed several schools in northern New York State.

The mercury plunged to -19 in Morrisville, Minn., -17 in Grand Forks, N.D., -11 in Greenville, Maine, -9 in Caribou, Maine, -7 in Burlington, Vt., -8 in Massena, N.Y., -1 in Watertown, Albany and Troy, N.Y.

Boston had 11 above.

South of the snow and sleet belt, some sections were hit by rain. McComb, Miss., was drenched by almost three inches and Baton Rouge, La., by almost two inches in six hours.

Thunderstorms boomed over eastern Oklahoma and nearby areas in Arkansas and Missouri.

Cold weather, with readings in the teens and 20s, covered the Rockies while eastward they were zero and lower along the northern border to the 60s in the west Gulf Coast and the extreme southern tip of Florida and the 40s and 50s on the east Gulf Coast. Mild weather prevailed in most of the Southeast in the wake of chilly temperatures earlier this week.

In the West, the 30s and 40s spread along the Pacific Coast except for 50s and a few 60s in extreme Southern California and the southwest desert region. The 20s were reported in the Plateau states.

Fulbright Offered Time on Red Radio

BERLIN (AP)—Sen. J. William Fulbright, D-Ark., has been offered time on communist-controlled East German radio to answer a challenge by East German commentator Goetz Gaertner.

Gaertner challenged Fulbright in an open letter to recognize realities in the Berlin situation and contribute something toward the vital question of maintaining peace.

The official East German news agency ADN reported Thursday night that the radio director had offered time on the air in mid-February in response to what it called the senator's demand for an opportunity to answer Gaertner.

Batesville Plant to Make Car Mats

BATESVILLE, Ark. (AP)—The Batesville Rubber Co. plant has been notified by the Seiberling Rubber Co. of Akron, Ohio, that made more tackle than anybody last year on the field in the Sugar Bowl contest, was the only Razorback named to the squad . . . Alabama's Milt Placchia and tackle Billy Neighbors were also listed on the squad.

A letter to the Batesville plant said production of the mats would begin in March.

The \$1,500,000 plant here began production of the shoe products last fall. It employs about 150 persons.

ESD Rehires Fired Worker; AAUW Cites Action as Need for Full Investigation

LITTLE ROCK (AP)—The state Employment Security Division has decided to rehire Joe T. Hirschneider, a career employee who was fired last month when his \$525-a-month supply supervisor's position was abolished.

Hirschneider's attorneys announced the decision Thursday after a conference with ESD administrator James Bland.

Bland confirmed the report but would make no comment.

Hirschneider and eight other ESD employees were subpoenaed by the federal government last June to testify at a Hatch Act hearing.

They testified that their superiors in the ESD ordered them to make campaign contributions to Gov. Orval E. Faubus in 1960. The Hatch Act, which covers ESD employees, prohibits this.

A federal examiner who heard the case recommended that three of the five ESD officials charged with violating the Hatch Act be dismissed. The three appealed but one since has announced his resignation as of Feb. 1.

The other two remain on the payroll.

Hirschneider's reinstatement puts him in the job of Accountant I, at a slightly lower salary.

The action Thursday followed an appeal to several federal agencies, including the Civil Service Commission, by the Little Rock chapter of the American Association of University Women. They became interested in the case after their president, Mrs. Frances H. Allen of Little Rock, another career employee of the ESD, who had testified at the hearing, resigned her ESD post and said working conditions had been made intolerable for her.

Hirschneider had been with the ESD since 1948.

During the past month there were 25 births in the Hope High School . . . four for robbery and two for burglary . . . the number of accidents investigated during the year totaled 232.

House Leader Promises to Cut JFK's Budget

By WILLIAM F. ARBOGAST

WASHINGTON (AP) — The chairman of the House Appropriations Committee promised today to cut President Kennedy's new budget, although he said he was not familiar with its details.

The chairman, Rep. Clarence Cannon, D - Mo., indicated the President would have his support on foreign aid spending.

Cannon said he knew "there is no retrenchment" in the budget, to be submitted shortly after Congress convenes next week.

In an interview, Cannon deplored what he called "fiscal insanity" in government.

"From what I have heard," Cannon said, "the new budget will be precariously balanced and the balance depends on many 'ifs.' It is contingent on increased revenues which may not develop."

"We are going to cut it," Cannon said. "We will have to cut it." The national debt keeps getting bigger and the interest alone on it is more than \$6 billion. We are in danger of reaching the point where we will have the choice of repudiating our bonds or getting more printing presses to turn out more inflated dollars.

Cannon said he would be inclined to support Kennedy on foreign aid spending "because he seems to know where he is going and what must be done."

"I believe he has the confidence of the people," Cannon added.

War Drums Muffled In India

PATNA, India (AP) — India's ruling Congress party muffled its president's war drums today with a resolution calling on the government to seek "all avenues of peaceful settlement" of territorial disputes with Red China and Pakistan.

Prime Minister Nehru drafted the resolution after the party president, Neelam Sanjiva Reddy, opening the party's annual convention Thursday, declared the Chinese Communists and the Pakistanis must follow the Portuguese off India's soil and soon.

He implied force would be used if necessary to eject the Chinese from 12,000 square miles of Himalayan borderland and to drive the Pakistanis out of disputed Kashmir State.

The milder resolution on international affairs proposed by Nehru was approved by a committee and is certain to be adopted by the full convention.

It accused the Chinese Communists and Pakistanis of being "in illegal and forcible occupation of our territories," but placed emphasis on settlement of the disputes by negotiations.

Nehru, speaking to the convention, said the United States and Britain were angered by India's seizure of Portuguese Goa because "they do not like Asia and Africa moving forward and progressing."

Phone Rates Up in 12 Towns

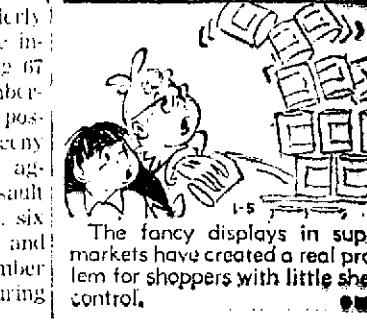

LITTLE ROCK (AP) — Twelve Arkansas towns on the Southwest Bell Telephone Co. system have raised phone rates because of an increase in subscribers and 12 more will raise rates in the next two months, the company said.

The 12 already on higher rates are Portland, Ashdown, Strong, Lake Village, Malvern, Heber Springs, Gurdin, Dermott, Luxora, Osceola, Marion and Conway.

The 12 whose rates will be raised are Hot Springs, Newark, Monticello, Wilmar, Eureka Springs, Helena, Lonoke, Blytheville, Camden, Springdale, Fayetteville and Jonesboro.

The company said increases were generally 25 cents a month for residential phones and 31 a month for business phones.

This Sea Lion Wants His Food Free

OCEAN CITY, N.J. (AP)—That hungry sea lion that would rather eat free fish than hunt his own arrived for a meal again.

And after gobbling the meal, it disappeared just as it has three other times along the Jersey coast.

Al Sheridan, the man who thinks the freedom-loving animal might be his former pet, got close enough to the frisky creature to stroke its chin and offer a few fishy tidbits, but that was all.

When Sheridan tried to develop the friendship, the sea lion was off with a wave of its flippers, easily outdistancing Sheridan's row boat. Sheridan borrowed a net from the Coast Guard, and went to sea again. But no sea lion was found.

Sheridan, an Island Park, N.Y., fisherman and boatbuilder, says his pet sea lion, Candy, departed from home waters two months ago when a family of fish swam by.

Sheridan tried to catch the animal Tuesday when it arrived at the dock of Mr. and Mrs. Joseph Noone, barking for food. But the sea lion took one glance at Sheridan and paddled away.

The sea lion may be back for another handout, but Sheridan won't be here. He's gone home.

Two Stars for Dimes Telarama

LITTLE ROCK (AP)—Arkansas television viewers will get two stars for one on KATV's March of Dimes Telarama Saturday night and Sunday.

Telarama officials announced Wednesday that Peter Brown, co-star of "Lawman," and Roger Smith, co-star of "77 Sunset Strip" will replace Chuck Connors on the program.

Connors, star of "The Rifleman" was scheduled to be the male star. He canceled because of other commitments.

Brown and Smith will join Kathy Nolan, female lead on "The Real McCoys," and singer Jill Corey as guest stars on the telarama.

MacDonald Carey, star of "Lock-up," will be master of ceremonies for the show which runs from 10:15 p.m. Saturday to 5 p.m. Sunday.

In addition to these stars, hundreds of Arkansas performers will appear. The cast includes several high school bands.

The National Foundation, which stages the annual March of Dimes, is sponsoring the telecast with KATV and the Young Men's Business Association.

Romney's Chances of Running Dim

DETROIT (AP)—George Rom-
ney, president of American Mo-
tors Corp., said Wednesday that
directors of the company have
"made it very clear" that they
don't want him to run for gover-
nor of Michigan this year.

Romney said the board dis-
closed its sentiments about his
possible candidacy at a meeting
Dec. 18 in New York.

The meeting was called, Rom-
ney said, to bring directors up to
date on the competitive situation
and other developments. His pos-
sible candidacy was one of the
"other developments," Romney
said.

Romney is chairman of Citizens
that he would not necessarily re-
sign as AMC president if he runs.
Romney is chairman of Citizens
for Michigan and is a constitu-
tional convention vice president.
He has promised to decide on his
gubernatorial candidacy by Feb.
10.

Robt. Smith Named U.S. Attorney

PALM BEACH, Fla. (AP)—President Kennedy announced today that he has selected Robert S. Smith Jr., deputy prosecutor for Lee County, to succeed Ostr Cobb as U.S. attorney for the East District of Arkansas.

At the same time Kennedy accepted the resignation of Cobb, an Eisenhower administration appointee, who was government lawyer during the Little Rock school integration crisis.

Smith formerly served in the job to which he was named today. He also served as a state senator in 1949-51.

Cobb, a Republican, earlier had announced his decision to resign. Smith is a Democrat.

In his letter of resignation, Cobb said when he took office in 1954 he "had no idea that I would shortly thereafter be enmeshed in the school integration problems which developed at Little Rock, nor did I suspect that I would be called upon to bring action in federal court against the governor of Arkansas and others in order to obtain necessary injunctive relief for the United States."

"Throughout all these situations we performed our duty without hesitation and earned the respect of the whole community by doing so," Cobb wrote.

"I am proud of our record in support of government by law. The emergency is over and our present situation is relatively calm. This makes it possible to effect the transition in my office under favorable conditions and an operational standpoint. My successor will receive my full cooperation."

Cobb said his work under the Kennedy administration has been cordial and pleasant.

Smith received a recess appointment. This permits him to take office in advance of confirmation of his nomination by the Senate.

First Lady Best Dressed in World

NEW YORK (AP)—America's First Lady has again been elected the world's first lady of fashion and is joined on the 1961 best-dressed list by her sister and a Palm Beach neighbor.

Jacqueline Kennedy was a landslide winner in the annual poll conducted by the New York Couture Group, Inc., of some 2,002 fashion experts, writers and designers throughout the world.

The group's style committee said she brought "the Kennedy era of young elegance." She also headed the 1960 list.

The First Lady's sister, Princess Lee Radziwill, and Mrs. Charles Wrightsman, a friend and neighbor, were also among the 12 women on the official 1961 list.

The committee also announced election to the Fashion Hall of Fame, a permanent group selected from three-time winners on the annual poll, of Mrs. Norman K. Winston of Paris and New York and actress Audrey Hepburn. Rumor has it Mrs. Kennedy on the 1961 list was Mrs. Loel Guinness of Paris and Palm Beach, a Mexican-born grandmother described by some fashion journalists as "The most elegant woman in the world."

The complete 1961 list:

Mrs. John F. Kennedy, wife of the President.

Mrs. Loel Guinness, wife of an international banker.

Princess Stanislas Radziwill, London.

Queen Sirikit of Thailand.

Signora Gianni Agnelli, Turin, Italy, wife of a Paris banker.

Mrs. David Bruce, wife of U.S. ambassador to Britain.

Madame Herve Alphonand, wife of the French ambassador to the United States.

Princess Alexandra of Kent.

Mrs. Charles Wrightsman, New York and Palm Beach, wife of an oil millionaire.

Mrs. John Barry Ryan III, New York.

Signora Umberto Agnelli, Turin, Italy, sister-in-law of Signora Gianni Agnelli.

The committee said that the list after Mrs. Kennedy and Mrs. Guinness, denotes no particular vote ranking.

Miss Hepburn, who is Mrs. Mel Ferrer's offstage, and Mrs. Winston now leave the annual list competition by virtue of their elevation to join 16 members of the Hall of Fame.

Laos Suspend Sale of Fgn. Exchange

VIENTIANE, Laos (AP)—The Laos national bank announced today it has suspended the sale of foreign exchange. The move immediately gave rise to speculation the United States had suspended financial aid to Laos.

An American Embassy spokesman declined to comment on the announcement.

The notice issued by the Banque Nationale du Laos to all commercial banks said that it would no longer sell American dollars and French francs which are the only foreign exchange it handles.

As a result, a spokesman for the Banque D'Indochine said sale by commercial banks of all foreign exchange such as pound or Thai baht were immediately stopped.

Laos has a free currency market with the Laotian kip standing at 80 kip to one dollar. Its economy is propped by American spending of \$45 million annually to support 70,000 men in the army and police, for budget support and aid projects.

Its own revenue is around \$5 million.

If the banks decision came as a result of American suspension of financial aid, it was an American

DOROTHY DIX One Thing After Another For This Husband

By HELEN WORDEN ERSKINE

Dear Helen: After 19 more or less happy years of married life my wife is losing respect for me. Our troubles began when our oldest daughter, now 19, took seriously ill nine years ago. Then a series of problems started with the other children and my wife and I were beset by doctor's and hospital bills.

To keep abreast of bills, I worked 12 and 14 hours a day seven days a week. Suddenly I fell sick but I refused to give up. Then I began passing out on the job and finally landed in the hospital.

When I came home my wife's nerves were frazzled. Nothing pleased her anymore, least of all me. She screamed, yelled, beat the kids, threw things and made life in general such a hell that friends and neighbors quit calling. Then she began playing footsie with other fellows and has walked off with our two youngest children.

Sanction against Prince Boun Oun's government which rejected American suggestions regarding formation of a coalition government.

ing herself. None of us three older girls were like this during our adolescence. She makes our whole family miserable, having actually hit our 6-year-old brother. I leave shortly to join my husband who is in the Service overseas. But I'm still concerned for my family. My twin and I are 19. We have an older married sister. What can we do with this feminine tornado in our midst?—Concerned.

Dear Concerned: Psychiatric treatment is indicated. Anyone who loses control of self to the extent you describe is not normal. Ask your doctor to give her a physical check-up and, if necessary, provide a psychiatrist.

Send your problem to Helen Worden Erskine care of this newspaper. Be sure to enclose a stamped, self-addressed envelope. Helpful leaflets available. Write for "How To Get Along With An Adolescent."

Dear Helen: I am in my third year at high school and plan to marry after I finish school and my boy friend finishes his service hitch.

Before all this talk about fall-outs and atomic bombs, I was willing to wait. Now I wonder. Maybe we should marry right away so that we may at least have some life together and hear a couple of normal children before doom overtakes us. Our parents won't prohibit our marriage if we want it that way but should we take such a course? My boy friend and girl friend told me I do, mixed up. I long for children and a happy, normal marriage but, do we have a chance?—Confused.

Dear Confused: Don't let fear of an atomic war stampede you into an early marriage unless you and your boy friend are equipped to assume the accompanying financial and moral responsibilities. Proceed in an orderly fashion. Finish what you started—in your case, schooling.

If you believe in your line of reasoning, and married now, you would only be postponing childbirth, like yourselves, to doom. Accept the positive. Follow the normal course of your lives.

Dear Helen: My fifteen-year-old sister swears, shouts, threatens, demands her own way and lacks respect for anyone, includ-

Mrs. Hall May Run for Office

LITTLE ROCK (AP)—Secretary of State Nancy Hall, ineligible to succeed herself, said today she is being encouraged to run for treasurer this summer.

The constitution prohibits Mrs. Hall from running for the secretary of state's office since she was appointed last January to finish the unexpired term of her late husband, C. G. Hall.

The treasurer's race will be wide open in July since Treasurer L. A. Clayton, like Mrs. Hall, is an appointee and ineligible to campaign. Clayton was named to succeed his father, Vance Clayton, who died last summer.

Mrs. Hall said the realization that she will have to make a strenuous statewide campaign for the job is the reason she wants to do some serious reflecting before making up her mind.

Pipeline Hearings

WASHINGTON (AP)—The Federal Power Commission announced Wednesday it has scheduled a hearing to begin Feb. 26 on proposals by six natural gas pipeline companies involving construction estimated at \$157,577,920.

Among the companies is Arkansas-Missouri Power Co., of Blytheville, Ark. The commission said temporary authority has been granted for a portion of the construction.

Boom Lowers on the Hanky, Panky Ads

By CYNTHIA LOWRY AP TV-Radio Writer

NEW YORK (AP)—Now that the Federal Trade Commission, in its decision this week, has lowered the boom on hanky-panky advertising, it will be interesting to see what changes occur in some of the TV commercials you see most often on your screens.

The FTC decision ordered an end to a shaving cream commercial showing what purported to be sandpaper covered with the product being advertised. Actually, it wasn't sandpaper at all, but plastic covered with sand. That commercial disappeared from the home screens about 18 months ago.

The FTC decision, although based on one long-gone commercial, is a broad one applying to the whole field, and mentioned in passing other practices, mostly used in "demonstration" advertisements, that it considers deceptive.

It cited the use of warm red wine in a coffee commercial to illustrate the rich, deep color of the non-alcoholic brew. It mentioned the use of a blue shirt—which photographs white—to illustrate the way a wash-day product makes clothes white.

What will happen to the scouring-powder commercials which show kitchen sinks with incredibly deep, ugly stains which disappear so easily with an application of the sponsor's product but remain untouched by what purports to be a rival brand?

If white must be white and coffee, coffee, must dirt also be real? If so, where will the advertising agencies find walls and kitchen floors which are honestly filthy dirty and can be dramatically made sparkling white (blue?) with a single stroke?

What if the dog-actor backs away in distaste from his bowl of sponsors' product? Will all future models in denture-cleaner commercials really have to have false teeth? (I met such a model, and her gleaming teeth are her very own.)

I tell you, commercial-watching will be fun during the next few months. Maybe more stimulating than the program they interrupt.

Meany Wants U.S. Aid in Education BY G. K. HODENFIELD

WASHINGTON (AP)—President George Meany of the AFL-CIO says this country must embark on a vast program of federal aid to make quality education available to rich and poor alike.

"Today, true equality of education does not exist," Meany said, "and the differences are too great to be tolerable in a democratic society."

Meany addressed a conference of educators and union leaders Thursday night.

"Certainly students who attend classes in shifts, crowded elbow to elbow in shabby or even dilapidated buildings, who must share their books because there aren't enough to go around, and who have little hope of a personal word from harried, overworked and undertrained instructors. Certainly these students aren't the equals, educationally speaking, of those from schools in better endowed areas," Meany said.

"What we ought to have in this country is a program that will finally eliminate financial barriers to higher education; a program that offers each student freedom to choose both his college and his course of study; a program for which ability is the only requirement," he said.

Large radio network communications, new roads, expansion of the agricultural credit system and pest and insect control programs.

Other measures will include projects to aid mountain tribes who have been a target of Communist subversion, special flood reconstruction work in the rebel-infested Mekong River delta, public works programs such as housing to help relieve unemployment and continued industrial development.

The joint communique followed an announcement last Saturday by the Viet Nam government of new financial steps to be taken to help support the increased costs of Viet Nam's defense efforts.

Included were an overhaul of the tax system and a special budget for economic development.

2 Papers in Los Angeles Suspend

LOS ANGELES (AP)—The Hearst family's Examiner and the Chandler family's Mirror are reported about to cease publication.

Neither family, whose members have been newspaper rivals for more than half a century in what is now the nation's third largest city, would comment on the reports.

Several sources published stories saying the morning Examiner would suspend publication after Sunday and that the afternoon Mirror would end with today's editions.

At a time when American newspapers are enjoying their widest circulation, the trend is to fewer newspapers. A recent survey shows circulation at more than 60 million daily.

If the reports about the Examiner and Mirror are true, two newspapers will remain to serve the Los Angeles metropolitan area of 6 1/2 million population.

The two are the Chandlers' morning Times, key in the family's large business-publishing enterprises; and the Hearsts' afternoon Herald-Express.

There have been reports that the Herald-Express will become a seven-day newspaper with the addition of a Sunday edition.

The Examiner, 58 years old, once was the late William Randolph Hearst's newspaper headquarters.

The 13-year-old Mirror is the largest metropolitan newspaper to be launched in a major American city since World War II. The Chandlers invested millions in it.

Circulation figures on Los Angeles' four newspapers, as of last September's audit: Examiner 381,773 Sunday; Times 548,702 daily and 98,478 Sunday; Herald-Express 393,215 daily; and Mirror 301,882 daily.

Back in the 1930s, when the city had a population of one million and the county two million, Los Angeles had half a dozen thriving newspapers. In the postwar years, labor and newspaper costs rose, and advertising competition increased from radio and TV, and community papers.

Los Angeles County has more than a hundred daily and weekly community newspapers.

Striking Union Tries a Boycott

BENTONVILLE, Ark. (AP)—Leaflets urging customers not to buy products of the Arkansas Poultry Cooperative, Inc., are being distributed throughout the United States, a spokesman for striking union workers said yesterday.

Bob Parker of Fayetteville said the leaflets were being distributed at Omaha, Tulsa, Kansas City, Denver and "wherever the co-op is selling chickens."

Food Handlers Local 425 called the strike October 23.

Plant manager George Melbourn said the plant had continued to operate since that time.

"I'm not aware of a boycott," he said. "Everything is going smoothly here."

"is unalterably committed to a massive assault on inequality of educational opportunity."

Bobcats Go to Nashville for Game Tonight

By VINCE FOSTER

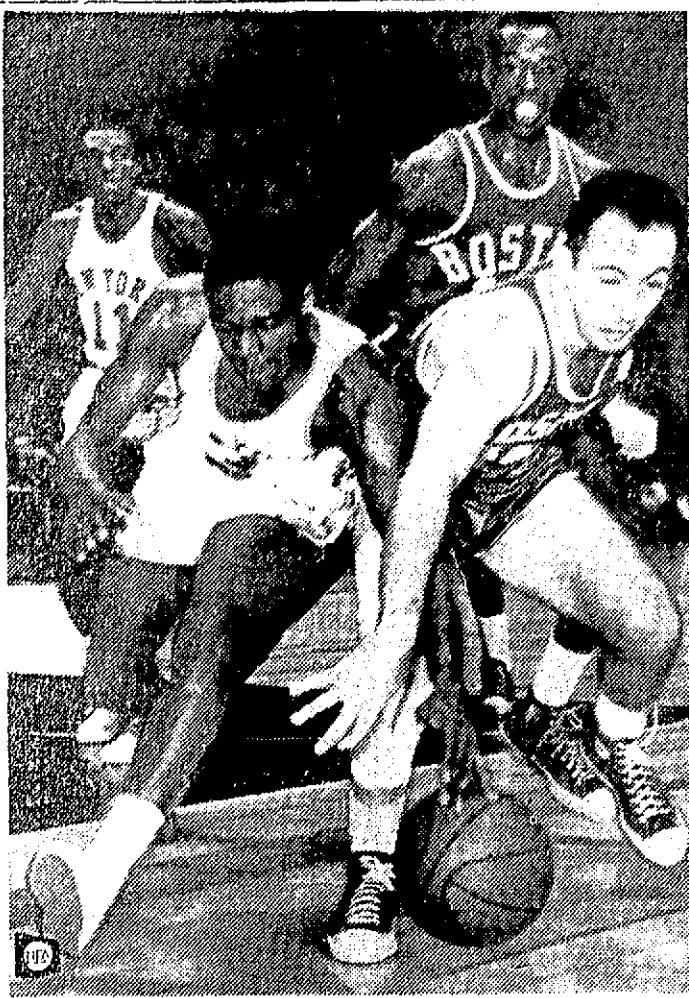

The Hope Bobcats travel to Nashville tonight to take revenge on a previous 47-45 loss suffered at the hands of the Senators. Their game will be at 7 p.m. with the Hope and Nashville Senior Girls playing at 7.

The Bobcats presently have a record of 7 wins and 2 losses, which came by the hands of Nashville and Stephens. Junior forward David Patterson leads the Cats in scoring with 106 points and he is followed by Jeffery Powell, senior guard. Saturday night the Cats and Kittens open their conference season with Malvern here. Although the Cats haven't actually played any district games, they beat Magnolia, who beat Fairview and Texarkana, who beat Camden in the Holiday Tourney. Camden, Magnolia and Fairview are all district AAA teams. The Cats are the defending champs of this district and have a good chance of winning it again this year.

The Hope Bobcats are the defending champions of AAA in Junior basketball and behind all-star Jerry Burnett and Buddy Jordan with Virgil McNatt, Dick Willis and Ronnie Ingram, they should win it again this season. Coach Jim Faulkner's Kittens have a 4-0 record with a total winning margin of 51 points for the season.

The Hope Senior Girls have yet to play the ladies from Nashville, but Hope's 2-7 record isn't too impressive. However, five of the 28 losses have been by only a 28 point total margin. Melba Calhoun leads the Girls in scoring with 112. Junior Lloyd has 78, Lera Betty Calhoun 71, and Anne Ward has 19.

Follow these teams to Nashville tonight and then show these district defending champs you are backing them Saturday night.

DOWN FOR GRABS—Al Butler, left, of New York and Boston's Bob Cousy scramble for a loose basketball at Madison Square Garden. In the background are Johnny Green, left, of the Knicks and the Celtics' Big Bill Russell.

Yerger Takes Two Games at Washington

Yerger teams captured two games from Washington last night and at the end of regular play in the third round the score was 29 all. They let it go that way, no overtime was called. The Junior boys started the play with an easy 45 to 16 victory. Out-standing work Willie Looen, Ron Stuart and Steve Brown. Stuart and Smith were high scorers.

The Senior Girls had very little trouble in rolling up a 29 to 17 victory. Best for the winners were Danica Smith, Sandra Ross and Johnson.

The Tigers return to their home court tonight when they take on Malvern in Harris Gym. Fans are urged to come out and boost the team.

Railway Charged With Violation

LITTLE ROCK (AP) — The U. S. Attorney's Office charged Cotton Belt Railroad Thursday with operating two locomotives on which slipping or sliding wheel alarms were not concentrated. One went from Little Rock to Pine Bluff last March 5, the charge said. The other went from Shreveport to Pine Bluff last March 22. A \$250 judgment was asked for each incident.

Negroes Escape With \$2,500

MEMPHIS (AP) — Two Negro gunmen frussed up a liquor store clerk, clubbed him unconscious and escaped with \$2,500 in cash and checks late Wednesday night.

Frank Thorn, 29, told police the bandits forced him to open the store safe before taking him to the restroom where he was tied and knocked out. Police making a routine check found him.

BIG LIFT—This lightweight ladder, shown at the National Motor Boat Show, is handy for boarding and disembarking from small craft. For those who can't afford a cruiser, the gadget is a big help getting in and out of the bathtub.

Texarkanians in Upset Over Blytheville

By THE ASSOCIATED PRESS

Texarkana's Razorbacks upset Big Nine Conference champion Blytheville, 39-37 Thursday night and dropped the Chicks into fourth place in the league standings.

The meet again tonight in a full state of Big Nine action. Little Rock Central is at Pine Bluff, North Little Rock visits Fort Smith, and El Dorado plays at Little Rock Hall.

Central and Hall lead the league with 2-0 records. Pine Bluff is 2-1 and Fort Smith is 1-1.

Blytheville had won four of its five conference games and was among the favorites when it went down before the determined Razorbacks. It was a team effort. The Texarkana high scorer, Gary Barrow, netted 11 points.

Mickey Johnson led Blytheville with 21. Buck Huckabee of Texarkana grabbed a crucial rebound in the last 33 seconds to kill a late Blytheville spurt. Texarkana led 25-19 at halftime and 35-30 at the end of the third quarter.

The Central Pine Bluff game heads tonight's card. Both teams are 2-2 for the season and Central won the Little Rock University invitational tournament last week, beating Hall in the final game.

Hall is heavily favored over El Dorado, 0-3 in league competition.

Cincinnati, SMU and Rice Post Wins

By SHELTON SAKOWITZ Associated Press Sports Writer

The Cincinnati Bearcats, who hold the National Collegiate Basketball championship although its currently ranked second to Ohio State, might be "playing 'em one at a time," but you can't blame Coach Ed Jucker and his talented lads for looking ahead.

The Bearcats went back to the task of Missouri Valley Conference competition Thursday night after they celebrated Christmas by winning the Holiday Festival at New York's Madison Square Garden. Cincinnati disposed of league rival St. Louis 62-47 for their 10th victory in 11 outings.

Last March Cincinnati stunned Ohio State in the NCAA championship final at Kansas City. But Cincy's hopes were dampened on Dec. 18 when Wichita jolted the Bearcats 52-51 in a league game for their lone loss.

Unbeaten Ohio State, meanwhile, has rebounded from its setback last spring. The Buckeyes have won 10 straight games, including three in the formidable Los Angeles classic.

Cincinnati has placed a big asterisk on the calendar date of Feb. 24. That's when the Bearcats get a chance to avenge their road defeat by Wichita.

No other members of the top ten saw action Thursday night.

Gene Wiley accumulated 27 points in Wichita's 77-64 conquest of Drake, little Bruce Drysdale's clutch shooting enabled Temple to edge St. John's (N.Y.) 52-51. Jim Thompson supplied the scoring impetus as Southern Methodist trimmed Texas Christian 70-53.

Rice spurred in the second half to whip Baylor 59-56. Jack Foley's 30-point output triggered Holy Cross to an 80-48 triumph over Dartmouth and Colgate handed Syracuse its 14th straight defeat over a two-year span, 70-62.

Public Hearing on Water Rights

LITTLE ROCK (AP) — Army Engineers said Wednesday a public hearing on the proposed development of water resources in the Buffalo River basin will be held at Marshall Jan. 30.

A five-county group is backing construction of a dam on Buffalo River for flood control, power and recreation while several wildlife groups favor leaving the Buffalo a wilderness area.

The latter groups have proposed that seven impoundments be built on tributaries to control floods. Lt. Col. Mitchell Goldenhalt, deputy district engineer, said no specific plan has been adopted by the engineers for developing the area.

Last month a group of Marion County residents offered a compromise plan providing for a national park, a single large multipurpose dam and small dams on tributaries.

This is the third major study being made of the Buffalo basin, with the previous plans dismissed as being economically unfeasible. Congress appropriated \$30,000 last year to finance the current study.

Arkansas-Born Actor Aids State

LITTLE ROCK (AP) — Arkansas-born television star Dick Powell will handle narration on the state's \$80,000 musical travelogue.

Clovis Copeland, state publicity director, announced Powell's acceptance today. He said Powell will not charge for his services.

Copeland said the film will be ready for distribution in this and 25 other countries in mid-April. It was prepared by a Columbia Pictures subsidiary.

Most of the cost of the film was paid by private interests.

U.S. Bowl to Have Good Kickers

By W. B. RAGSDALE JR.

WASHINGTON (AP) — Coach Bill McPeak, plagued all season long with inadequate place kicking on his Washington Redskins, will have two of the best in college ranks going for him Sunday in the U.S. Bowl.

He'll get his first look today at the kicking of Greg Mather and Don Jonas.

Mather, Navy end, kicked the two field goals that beat Army, 13-7. He kicked 11 field goals during the season and connected on 22 of 23 conversions to establish an NCAA record of 55 points by kicking.

Jonas, Penn State halfback, kicked six field goals and 17 of 22 extra points, some of them after his shoulder was dislocated in the Syracuse game and he was unable to see other action.

"We haven't worked on kicking yet," said McPeak. "We're going to concentrate on that Friday. I'll get my first look at Mather and Jonas. I expect they may divide the kicking duties."

The game in D. C. Stadium matches draft choices by the Eastern Division of the National Football League against players chosen by the Western Division. Coach Red Hickey of San Francisco coaches the Western team.

The game will be televised nationally, but will be blacked out to all stations within a 60-mile radius of Washington.

High Priced Man Picked, Unnamed

LITTLE ROCK (AP) — William E. Darby of Little Rock, chairman of the Commission on Coordination of Higher Education Finance, said today the agency has chosen a director but is not ready to announce his name.

The commission can pay up to \$20,000 for the job. Darby promised an announcement shortly.

The commission was created by the legislature at its first 1961 special session to advise the University of Arkansas and state colleges on financial matters.

Kentucky Asks But Broyles Refuses Job

FAYETTEVILLE, Ark. (AP) — Frank Broyles of Arkansas reportedly is being considered for the head coaching position at Kentucky. But apparently Broyles is not considering the job.

"I'm happy here where I am," Broyles said Thursday night. "I hope they will consider our defensive coach, Jim McKenzie, for the job."

Some members of the Kentucky Athletics Board were reported pushing for the appointment of Broyles to replace Blanton Collier whose contract was bought up Tuesday.

Broyles said he had not talked to anyone at Kentucky, although he had a telephone call from "someone in Kentucky" that he had not yet answered.

Arkansas' Athletic Director John Barnhill said he did not think there was any danger of Broyles leaving Arkansas, but he added that he could see how the Razorback coach "would be on anybody's list."

McKenzie is one of a number of assistant coaches reported under consideration for the Kentucky job. A source said that at least 25 men have applied for the job, but he did not say McKenzie was one of them.

Kentucky bought up the reported \$92,500 worth of Blanton's contract, a five-year pact which would expire in 1964.

SS, Health Plans Low on Priority

By EDMOND LEBRETON WASHINGTON (AP)—President

Kennedy's plan for a Social Security health program has a low priority on the schedule of the House committee that may hold the key to its adoption or rejection.

Some Democratic leaders are tagging the proposal for hospital care for the aged under Social Security as the party's No. 1 domestic goal for the 1962 congressional session.

However, there was no indication it had "picked up appreciable strength in the powerful Ways and Means Committee, which is dominated, 15 to 10, by Democrats.

Similar proposals in the past never won more than nine votes, all Democratic, in the committee.

The committee does not plan to discuss the proposal, it was learned today, until it has disposed of three other administration measures, all of which are controversial in some degree.

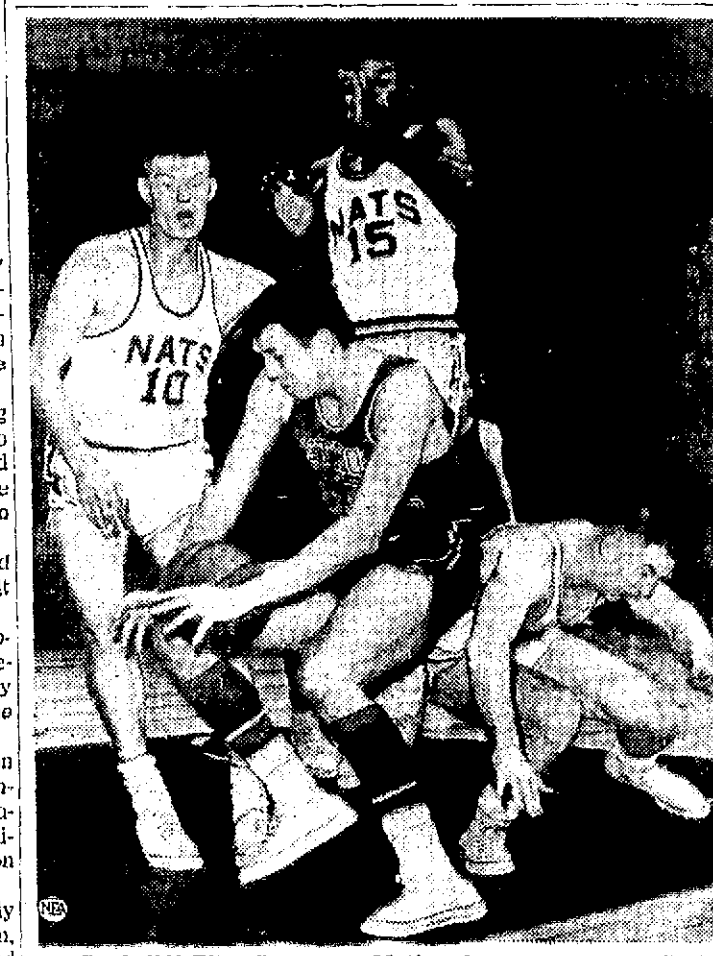

One is the administration plan for an interim tax reform with incentives for business modernization expenditures. Agreement has been reached, it was understood, on a version of this substantially modified from Kennedy's original proposal, but acceptable to the administration. The committee may finish work on it this month.

Another is legislation to make changes sought by Secretary of Welfare Abraham A. Ribicoff in the federal-state welfare programs. The committee has tentatively slated a week of hearing on this.

The third is one of the most highly controversial measures — headed for Congress — Kennedy's proposal for a vastly expanded reciprocal trade program. Hearings are expected to begin in March and continue for a month with executive sessions of the committee continuing for weeks more.

If the committee sticks to this schedule, Social Security health care seems fated, if it comes to vote at all, to reach the House late in the session. Then pressure for early adjournment in a congressional campaign year will be high.
